What's New in the Career Search Manager?

Career Search Manager is an easy-to-use application that allows you to search for a suitable job in just a few clicks. It allows you to search by job title, keywords, company, location, distance and posting date, as well as by job type, industry and date of job opening. Limitations: It does not allow you to search by salary and offers no customization capabilities, except for changing background color. System Requirements: - Supported OS: Windows 2000/XP/Vista/Windows 7 Download: PC: Macintosh: Online: Developer: S.P. Tools By David Harsanyi - April 26, 2010 Well, I guess it's official: Americans are just a bunch of morons. Not only do we continue to make the same mistake of electing an "enabler" president, but we also continue to put people into positions of responsibility who lack the capacity to understand the responsibilities of that position. The Department of Homeland Security doesn't have the firepower to kill bad guys or save lives, yet here we are -- millions of us, I mean -- continuing to send out the message that if you're a terrorist, come to America and we'll pay you a visit at some point during the next 48 hours. I'm surprised the head of Homeland Security doesn't have a stenographer on call just so we can all hear him repeating this message back to us. Maybe he does. When there's an act of terror on American soil, the first reaction of most people is, "Oh, my God, this is serious." This is a natural human instinct to react to the fear that terror sown in our hearts by individuals who call us infidels or kuffar. Or is it? We don't react to terror by bombing a country, sending in the marines, installing puppet governments or going into the streets and killing innocents. No, it's like a surgeon who discovers the cancer in his patient's heart. He first removes the tumor, then goes back to his patient, explains that the surgery was successful and offers a clean bill of health. He only cuts into the diseased area if the patient dies. If the patient gets a clean bill of health, he doesn't feel the need to excise the entire organ. Americans aren't doctors. We don't understand that there's a cost associated with killing your own citizens. We don't understand that if you don't stop a problem before it gets out of control,
