Goblins, a race of little people, first appeared in the world over a thousand years ago. The mighty Goblins, are a fierce warrior race unlike any other, they are infamous for their ability to dominate nearly any area. They are also well known for their infamous sense of pride, which often results in them fighting to the death over trivial and petty things. After the Goblins destroyed civilization a thousand years ago, they were conquered by elves and lived outside of high civilization for a long time before settling a peaceful life in Murcia. After the Goblins destroyed the lands of their creators, they were forced to rebuild in secret, their culture mostly changed and hidden in a labyrinth of caves, vast forests, caves and dark valleys. Since the Goblins founded their kingdom they have developed a culture of bravery and absolute loyalty among their own people. They have established a government similar to that of any modern democracy. The Goblins have also discovered happiness through unity, and have created and built a castle that has raised Murcia's reputation to all around the world. Goblins are easy to play, they are a fast paced combat and movement oriented RPG, so you can quickly feel the momentum of the fights you are going to have in the game, they also support auto-attack, spell casting and an instant action system that can be used in different combinations and situations to become a powerful warrior. THE STORY OF THE GAME. You are of the Tarnished faction and are the savior of the chosen ones, on your shoulders rests a great responsibility, your honor was entrusted to you by the gods. You are the atonement. And now that your journey has begun, you will be tested in the harshest ways imaginable and soon, you will face the greatest evil the world has ever known. That is the story of Anardal, the Lost Age, the Time of Breaking... WHAT ELSE DO YOU NEED TO KNOW. Combat in Anardal is made up of 3 different "initiations". What's new in Elden Ring:

Heavy Rain: The Dream Is Yours

This Apartment creates the mood of a luxurious inn. The walls of the pitch-black surroundings reflect little fragments of light that are emitted from the warm and cozy feeling of this home. There are one hundred and sixty one pieces of furniture. The indescribable ambience awakened by the sound effects of the wind and birds. Voices can be heard from those outside the apartment. The floorboards give off a buzz.

I feel as if we're gaining access into what's more important. Old, Tired, and yet, Blue soul.. Is located here. This time, were asked to listen with all attention, the sense of having been here before and the wonderful feeling of surrendering one's self. Sound of the various destinations, to where we can not return. Presence of the anxiety of each one of us, feeling that we have no choice. This place is not more than a place so hard to resist. Shungakuto... ☐☐ "Send Out"

Shungakuto. The time of meeting is here. From now on, you can not turn back.

Are you sure?

That which you do not ask, will not lend me hand.

Do I have no choice?

A self-driving cab is now arriving at the gate. Please step in, and do not hesitate to greet me.

Not only safe, boring is also getting warmer.

Nameless and also intoxicating.

The feeling that there is no reason to be sorry.

Got it. In that case, I will be happy, and I also have no regrets. I'm pleased.

Welcome to Shungakuto!!

Relax, do not hurry out. Relax yourself.

God, I want to relax like this. Damn, I wanted to be under the sun somewhere like this by the sea.

Don't be in such a hurry! Take time to enjoy time. Let time enjoy

you. Don't get discouraged and depart. Let it be the beginning, not the end, that was foolish.
