No.Q: Displaying all the data from database by calling a function? I'm using the below php script but it is showing only first row: It is not fetching other rows. While calling function, how can I get all the data from database? A: Since you are using mysqli_fetch_array($result), you are effectively doing one fetch and that means there are no more results. Use mysqli_num_rows($result) to see how many rows there are. More info at mysqli_fetch_array An earlier Democratic poll found that almost half of the public wants to stop the pipelines entirely. New: Only 40% want to keep them. A new bipartisan poll finds that a majority of Americans want to permanently ban

the construction of the controversial Keystone XL and Dakota Access pipelines. Eighty-five percent of Americans think "the construction of the Keystone XL and Dakota Access pipeline should be permanently banned," according to a new survey by the nonpartisan National Journal and the USA TODAY/Suffolk University Poll. Just 13 percent of Americans think the construction should be allowed, according to the poll. The transcontinental Keystone XL pipeline was never built, as President Barack Obama rejected it in 2015, while the 1,168-mile Dakota Access pipeline was completed but stopped in
