We recently saw what we. the Mets, is close to returning to the team, said a person familiar with the situation. But several other clubs had interest in re-signing Gonzalez, who lost his spot to Young last spring. Gonzalez had two home runs and four RBIs with the Blue Jays at the end of the season, but lost his job to Young. Young hit.312 with a homer and 12 RBIs in 35 games after replacing Gonzalez in May. After the trade, Gonzalez hit.295 with eight homers and 38 RBIs in 110 games in his career with Toronto, Baltimore and the Mets.{ "name": "uniform-example", "description": "", "main": "main.js", "scripts": { "test": "echo "Error: no test specified" && exit 1" }, "author": "", "license": "ISC", "devDependencies": { "resolve-url-loader": "^1.8.1", "sass-loader": "^6.0.7", "style-loader": "^0.23.0", "css-loader": "^0.28.0", "sass-resources-loader": "^3.0.1", "postcss-loader": "^2.1.5", "node-sass": "^4.5.2", "autoprefixer": "^7.1.0", "terser-webpack-plugin": "^1.0.0" } } Q: SQL Query adding drop down lists based on variable I've got an SQL query that I'm quite new to. I'm trying to add a drop down list based on how much a player has played on the website. I'm querying the table Players (which contains the username, usernameid, and gameplayed variable) and then getting

Hi I'm interested in debugging a service that is running as a Windows Service. I have the debugger attached to the program with the debugger tab active. The executable is started manually and all the break points I place fire. But I am unable to figure out how I can debug the Windows Service. I'm using

Visual Studio Ultimate. I have the debugger attached as a web service. Is this possible? Can you explain how I can debug a Windows Service using ManagedWindowsServiceHost.exe? The next thing I have is the Windows Event Viewer. I see the service crash with error 8007005C as shown in the code below. Is this the same as a IIS 404 error? Service is in "Managed" mode, Debugger attached, the service takes my break points. The process is not the default "AutoStartService" and the Auto-Start Event is not set. The Windows Event Viewer however shows the error as indicated. I'm guessing that this does not mean that the service has crashed. I suspect that there is
