The Hidden Dangers of Self-Driving Cars - tomcam ====== tomcam Link to actual article: [asia/2019-11-2...](asia/2019-11-26/hidden-dangers-self-driving-cars) Lack of sexual transmission from primary non-Hodgkin lymphoma of the prostate. A male with non-Hodgkin lymphoma (NHL) of the prostate was treated with high-dose chemotherapy and bone marrow transplantation (BMT). Three years after treatment he developed multiple extranodal NHL of the gastrointestinal tract. A biopsy of the prostate tumour revealed a pleomorphic histology. Immunohistochemical studies showed a high percentage of plasma cells. The patient had no other risk factors for transmission of prostate cancer, including a prior history of prostate cancer. Testing for human T cell lymphotrophic virus type I (HTLV-I) in peripheral blood was negative. The patient subsequently died of intestinal lymphoma. A review of the literature did not reveal any earlier reports of primary NHL of the prostate. There is a clear risk for patients with NHL, including those with a high percentage of plasma cells, to develop extranodal disease and secondary neoplasms.Lispworks Coderworks 3.0 Available by Ostatic Staff - Mar. 18, 2009 LispWorks has released Coderworks 3.0 for beta testing. It includes Visual Studio, Eclipse, and all of the advantages of being a beta tester. The latest version also includes a number of features that should make your life easier. Visual Studio has been moved to the top row with all other editors, a feature that should make debugging easier. Debugger support for break points and execution points (basically a "stepping" feature) have been added to the editor, and the ability to manipulate file access permissions has been added as well. While the Coderworks team has done a lot to improve the current Coderworks version, I can see where they could have made further improvements. The next version of Coderworks will include features that will make the application
