The Elden Ring belongs to the reality of a realm called Ataria, which was separated from the universe because the heroes of Viera and Muscathim had turned into monsters. However, heroes had already sealed the Elden Ring in the Land Between, and they seek to return to the world of Viera and Muscathim. Now, players will take on the role of a boy who is born into a family that possesses the power of Viera and Muscathim. He will go on a journey to investigate the Lands Between and have a chance to cast the powers of Viera and Muscathim into the world. *This is a fantasy action RPG. Its contents are not suitable for those under the age of 18. * "An RPG where you live and breathe the world of Elder Scrolls" * "An RPG with better art design than the Elder Scrolls series" The newest game in the Elder Scrolls series: "Tamriel Unlimited: The Elder Scrolls Online". Released in North America on January 15th, 2016. Tamriel Unlimited by ZeniMax Online Studios will finally deliver the online experience of this iconic brand on PC, Mac, PlayStation®4 computer entertainment system and Xbox One. The game has been designed to complement the long-running Elder Scrolls series, delivering a massive world where player choices shape the experience, not load screens. Development Story:

The Lands Between are an inhospitable land where the culture of the vanquished, Elves, still persist, and where a massive continent stands in ruins. Elves are founded in the forests and plains of the Lands Between, which are heavily hit by frequent earthquakes. Traveling through the vast, fractured land to find out what happened to this world some 10,000 years ago, they provide what little information they know about it. Still, there is something always turning heads, its hue steadily twisting through the Lands Between.

While traveling the volcanic earth and leaving their home in the time past, meeting new characters whose fates were changed by the invisible hands of the Lost Continent, the Elves eventually end up at the ruins of an ancient metropolis in the middle of the Lands Between.

From there the Elves begin to explore the mysteries of the Lost Continent, and as they listen to stories of the past, the power of their heritage began to make itself known within themselves. With this power, they began to be bound to the lands and control it, becoming the Elden Ring.

Through endless adventures and struggles, complete with the heartrending loss of their precious companion Embré and a near meeting of their deaths at the hands of a dark force and its leader the Mythmaker, the Elves are driven ever onward as they strive to quench their thirst for knowing the secrets of the Lost Continent in a world where they felt once powerful.

Why Tarnished?

In **Tarnished**, there are eight classes unique to Elden Ring: Fighter, Wizard, Assassin, Rogue, Mage, Ranger, or Shaman, as well as Warrior, Matador, and Gunner. Each class has two skill trees that focus on battle weapons and skills. When not in battle, the classes can freely develop using the skill points they gain.
