When you are done, please complete our order form found at the bottom of the page. It is important that you fill out the information completely, and there may be additional questions asked.

Q: Drawing border style around UIView This question may seem trivial, but I am still looking for a way to do this. I have a UIView subclass and I want to apply a border/shadow around it. I am using drawRect as my view's method. Here is what I have tried: - (void)drawRect:(CGRect)rect { // Drawing code here. CGContextRef context = UIGraphicsGetCurrentContext(); CGContextSetLineWidth(context, 10); CGContextSetStrokeColorWithColor(context, [UIColor redColor].CGColor); CGContextSetFillColorWithColor(context, [UIColor redColor].CGColor); // 2D border around the view. CGRect outerRect = self.bounds; outerRect.size.width -= 20; CGContext
