When i run the phpinfo() function, i'm told that my PHP version is 5.3.5: phpinfo() Version 5.3.5 Copyright (c) 2002-2012 Zend Technologies however, if i go to a page that uses the following code: and i refresh the page, i'm told that my PHP version is 5.3.5 with: ob_start was called at [path/to/this/file.php] Why is this? A: Ob-start was added in PHP 5.3.0. MSNBC's Joe Scarborough said Monday that former President Barack Obama Barack Hussein ObamaThe Memo: Trump's strengths complicate election picture Obama shares phone number to find out how Americans are planning to vote Democrats' troubling adventure in a 'Wonderland' without 'rule of law' MORE held back and didn't push back when the liberal media tried to pressure his administration for its policy of separating migrant families at the U.S. border. The host of "Morning Joe" on MSNBC said the news media was a "disaster" for the president and former Democratic presidential nominee, saying that many journalists were obsessing over Obama's vetting system and its information about the president's college years in Chicago. "The media wanted to turn Obama into the first black president. The White House wanted to turn Obama into the first black president," Scarborough said. "Some of the media talked about [Obama's vetting process] incessantly. Some of the media wanted to know and obsess about everything about him." ADVERTISEMENT "They wanted to know the minutiae, the doorknob of his childhood house, the garage in which his house stood, why he went to this school, why he went to that school, and it just became this obsession." Scarborough was referring to reports about
