vacation, agent hugo notices that a big fly with his robotic trash cans is transforming a nearby island into a dump, in order to feed his fly army. but the island keeps growing, leaving the troll and his team stranded on the way to their new vacation spot and an unexpected showdown with their predator. one of the best performances by their player kerri (kerri), she was a hard nut to crack, and did show great skill by staying alive so long. her personality will go down very well with some hardcore fans of the show. in the end, it was once again danielle's free\_love that finished in a very strong second place. we hope
