
CRACK Natural Motion Endorphin 1.1

Download

Based on Oxford University research on body motion control, Euphoria NaturalMotion synthesizes real-time 3D character animation on PlayStation 3, . For long hours, we watched the characters move across the screen, as they turn, change, punch, dance and dance. Now that we're in the real world, we're trying to figure out how we're going to handle animations like this in the real world. In particular, we're trying to see if it really makes sense, because while the movements they're based on are pretty amazing, we don't know if we can actually use them.

CRACK Natural Motion Endorphin 1.1
