"TurboCAD is the best that I have used. I have used other CAD packages, and this is the best by a wide margin. I would recommend this product to anyone who needs a fast accurate but affordable CAD package." TurboCAD Platinum 2022 Bundle is an exceptional value! It includes our top-of-the-line, professional 2D/3D CAD application. Additionally millions of CAD symbols and a full compliment of training to help you master drafting, modeling and rendering in TurboCAD Platinum 2022. IMSI/Design software has one of the largest ranges of CAD software, with multiple products for Windows, Mac OS X and iOS. The one I am reviewing here is TurboCAD 2015 Pro Platinum, and it is the top-end version of TurboCAD. It is priced at \$1,695 for a perpetual license or \$499 a year on subscription. This is a better than other CAD vendors who charge full price for the CAD system upfront, and then tack on annual subscription costs. Still. Include playlist.
