Scaling is a function that allows you to stretch and shrink an image without losing resolution, such as when you zoom in and out of a image using SketchUp or the Web site's image viewer. When you press "Zoom In" the image gets bigger, and when you press "Zoom Out" the image gets smaller. When you zoom in or out, the image remains a 1:1 ratio, so the same percent of the image as viewed at full size appears as viewed at smaller sizes. ARTEFERRO CAD 3D is used by 5 users of SketchUp today. Converting a drawing created with this program to a format compatible with SketchUp is straightforward. Instructions for making a DWG file compatible with SketchUp are included in the software. ModelPress Publisher reads
